London, United Kingdom

PROFILE

I'm a passionate software developer with an eye for detail and a knack for teamwork. I'm self-taught and love exploring new technologies. I'm always hungry for knowledge and seek out additional courses to stay sharp. If you're looking for a coder who can tackle challenges and enhance team collaboration, I'm your ideal candidate! Seeking a dynamic software development role to contribute to a forward-thinking team.

EDUCATION

Jan 2023 - Present **Software Development Programme, CodeYourFuture** London, UK

- Completed a comprehensive 12-month, 25-hour-per-week training program in Full Stack Web Development.
- Successfully worked on a variety of individual and group projects, spanning front-end, back-end, and database design.
- Produced clean and maintainable code, consistently delivering projects on time.
- Gained valuable expertise in debugging, a fundamental aspect of software development.
- Actively participated in pair programming sessions with peers and tech mentors, enhancing coding skills and problem-solving abilities.
- Collaborated effectively on various team projects, demonstrating proficiency in team dynamics and project management.
- Gained hands-on experience in building server-side applications.
- Integrated server-side applications with databases for seamless data deployment using AWS Cloud.

Sep 2022 - Feb 2023 **Software Development, Newham College of FE** London, UK

- Completed an introductory coding course, gaining fundamental skills in web development and programming.
- Developed confidence in Agile methodologies and the Software Development Life Cycle (SDLC), learning effective and modern approaches to software development project management.
- Acquired knowledge of key concepts such as HTML, CSS, and JavaScript, providing a solid foundation for further learning and application in software development.
- Strengthened problem-solving abilities through mathematical concepts applied to computing and gained a foundational understanding of computer science.

Dec 2021 - Feb 2022 **Full-stack Development Bootcamp, IBS Dunice** Taganrog, Russia

- Gained experience working with JavaScript, JQuery, HTML, and CSS to create a website with responsive web design and dynamic user interfaces.
 - Learned how to work with Git for version control and collaborated with senior developers to troubleshoot issues, optimise code, and implement new features.
 - Worked in an Agile development environment using Trello, which helped me build a solid foundation of technical skills and teamwork experience.

| • Docker | • CSS | • MongoDB | • Team work |
| • AWS | | • Mongoose | |
| • Terraform | | | |

EMPLOYMENT HISTORY

Jun 2023 - Present

Hospitality Assistant, London Business School

London, UK

- Proficiently managed event setups, meticulously preparing and coordinating functions to ensure smooth event flow.
- Maintained a safe and secure environment for guests and staff, following established protocols and emergency procedures.
- Responsively addressed guest inquiries, requests, and concerns in a professional manner, ensuring their needs were met.
- Communicated effectively with team members and management, sharing relevant information and addressing any issues promptly.
- Handled multiple tasks simultaneously, prioritising responsibilities to meet the needs of guests and the company.

Jul 2022 - May 2023

Banquet Waiter, Imperial Agency

London, UK

- Demonstrated exceptional customer service while serving high volumes of guests in fast-paced restaurant environments.
- Assisted with restaurant setup, cleaning, and preparations to ensure smooth operations and a welcoming atmosphere for customers.
- Successfully coordinated with the event planning team to execute seamless banquet service, including table setups, guest seating, and timely serving of multiple courses to large groups.
