MAKSIM LUKIANENKO

PROFESSIONAL SUMMARY

I am a budding software developer passionate about creating innovative and user-friendly applications. I completed my studies in Software Development at Newham College in London in 2022 and have since continued to expand my knowledge by taking training in CodeYourFuture and working on personal projects.

I am competent in JavaScript and have developed strong problem-solving and logical reasoning skills, as well as a keen attention to detail. I also possess collaboration and teamwork skills, having worked effectively in teams.

Additionally, I have honed my time management skills in order to meet project deadlines. I am excited to continue my journey in software development as an apprentice and make a positive impact on the industry.

WORK HISTORY

Full Stack Developer Trainee, 08/2022 - Current **CodeYourFuture, London, Greater London**

- Continued to develop JavaScript, HTML, and CSS experience.
- Created several projects in JavaScript, including responsive and functional web applications.
- Currently, I am learning React.js to build more complex and interactive web applications.

Full Stack Developer Apprentice, 12/2021 - 02/2022 **IBS Dunice, Taganrog, Russia**

- Gained experience working with JavaScript, JQuery, HTML, and CSS to create a website with responsive web design and dynamic user interfaces.
- Learned how to work with Git for version control and collaborated with senior developers to troubleshoot issues, optimise code, and implement new features.
- Worked in an Agile development environment, which helped me build a solid foundation of technical skills and teamwork experience.
